ProLite® Wrap-Around Knit Ankle Support

MODEL: 40-500

Provides excellent compression and stabilization for weak or injured ankles. Stretch knitted Lycra/nylon material is a lightweight, breathable alternative to neoprene. The double woven elastic strap offers adjustable compression to both sides of the ankle and arch of the foot. The wide strap simulates taping and wraps in a figure-eight design. Colors: Blue or Beige.

- **KNIT DESIGN** - Unique design lays more stretch yarns where greater flexibility is desired - the result is increased comfort with precise compression and stabilization of the soft tissues while pressure is relieved from the actual tender joint.
- **STRETCH TOP BAND** - Comfortably keeps support in place without digging into skin.
- **CONTOURED SHAPE** - Provides more precise compression and fit.
- **WIDE, WOVEN DOUBLE ELASTIC STRAP** - Wraps around the joint for increased stability. Figure-eight strap design simulates taping of the ankle.
- **HEEL POCKET** - Provides a comfortable fit for long term wear.

Measure around ankle just above the ankle bone.

40-500700	40-500730	X-Large	11 - 12"

EZ-ON® Wrap-Around Ankle Support

MODEL: 40-550

Sports neoprene foot and ankle portion for consistent compression and therapeutic, soothing warmth to the swollen, tender or injured joint. Tri-Permalon™ top is comfortable against the skin and allows air to circulate for extended wear. The double elastic strap offers adjustable compression to both the medial and lateral sides of the ankle and arch of the foot. The wide strap simulates taping and wraps in a figure-eight design with a simple hook closure. Indicated for swollen, tender, or weak ankles, sprains, strains, sports injuries, and arthritis. Great for night-time wear to treat ankle injuries and control edema. Color: Black.

- **SUPPORTS AND STABILIZES** the ankle while allowing for full flexibility.
- **MADE WITH SPORTS NEOPRENE AND TRI-PERMALON™**. The foot and ankle portion is made of neoprene which provides therapeutic warmth and compression to the joint and soft tissues. The top portion is made of a breathable Tri-Permalon™ foam to let the heat dissipate and air circulate.
- **WIDE, DOUBLE ELASTIC STRAP** wraps around the joint for increased stability. Figure-eight strap design simulates taping of the ankle and provides arch support.
- **SIMPLE HOOK CLOSURE** allows for quick and easy application.
- **OPEN HEEL** comfortable wrap support.
- **MAY BE WORN UNDER OR OVER SOCKS.**

Measure circumference of calf, 5" above ankle joint.
