

Ankle Guard

with Optional Plastic Inserts

MODEL: 40-411

Popular Among Sports Medicine Professionals.

Soft, flexible vinyl ankle brace provides medial/lateral support to weak or injured ankles. Lace-up front allows for an intimate fit. Light enough to wear during athletic activity to help reduce the chance of sprains and strains. Medial/lateral support can be increased with optional plastic inserts. Padded liner and elastic flex insets for increased comfort without pinching or binding during athletic activity. Ideal for athletic wear. Plastic inserts are included. Fits left or right. Color: White.
