

# HealWell® Multi AFO/Contracture Splint with Microban®

MODELS: 58-100/120

The Clinitex® HealWell® Multi AFO with Microban® is designed to help prevent and/or treat many conditions of the lower extremities. The shell is made of lightweight plastic and has a spring-like action. It has a soft and comfortable liner that is treated with Microban® and allows air to circulate, absorbs perspiration and also keeps the foot warm. Padded adjustable toe post and hip rotation bar. Liner is removable for laundering. Available with or without transfer pad.

Indications:

- Non-Fixed Ankle Contractures
- Foot Drop
- Pressure Ulcers
- Hip Abduction
- Ankle Deformity
- Hip or Leg Rotation
- Post Surgery Knee or Hip

Completely  
Suspends the Heel

Available with or without transfer pad.

Pad assists the patient in transfers and in therapy treatment plans.

## HealWell® C3™ Multi AFO/Contracture Splint

MODELS: 58-220/225

The Clinitex® HealWell® C3™ Multi AFO with Microban® is similar to the standard Multi AFO, except with a C3™ material liner. C3™ Tri-Laminate foam material is cool and comfortable to wear with a soft inner material that wicks moisture into the Microban® foam inner layer. The supple C3™ material allows for changes in the amount of swelling. Available with or without transfer pad. Color: Black (hides soil).

- Completely suspends the heel, protecting it from pressure or friction
- Liner is made of C3™ Tri-Laminate foam material that is cool and comfortable to wear
- C3™ material has soft liner to help wick moisture into the Microban® foam inner layer
- Supple C3™ material allows for changes in the amount of swelling
- Padded toe post is adjustable, protecting the toes from contact with bed linens
- Hip rotation control bar helps position the foot correctly by preventing internal or external rotation of the hip, foot and/or ankle
- Ankle strap reinforces foot position
- Available with or without transfer pad

## HealWell® C3™ Multi AFO Lite

MODEL: 58-230

The Clinitex® HealWell® C3™ Multi AFO Lite with C3™ Tri-Laminate foam material is cool and comfortable to wear with a soft inner material that wicks moisture into the Microban® foam inner layer. The supple C3™ material allows for changes in the amount of swelling. Color: Black (hides soil).

- Designed to help prevent and/or treat many conditions of the lower extremities
- Shell is made of lightweight plastic with a spring-like action to yield to the contracture
- Liner is made of a unique C3™ Tri-Laminate foam material
- Liner is made of two separate pieces that are easily removed for laundering
- Completely suspends the heel, protecting it from pressure or friction
- Padded toe post is adjustable, protecting the toes from contact with bed linens
- Hip rotation control bar helps position the foot correctly by preventing internal or external rotation of the hip, foot and/or ankle
