

PressureLite® Light Energizing Diabetic Socks

MODELS: H61/H62

Ideal for Diabetes, Foot Pain, Sensitive Feet, Arthritis

Spun from the toe and circling to the top, completely seamless so they fit close to the skin without wrinkling or bunching in the shoe. The four-way stretch of the material makes these socks smooth and soft. The anti-bacterial fibers wick moisture away to help prevent the growth of fungus and bacteria. Non-restrictive top keeps the socks from slipping down, no matter what size or shape leg. Perfect for people with Diabetes. Color: White.

- Completely seamless
- Constructed with anti-bacterial fibers
- No wrinkling or bunching
- Breathable and moisture absorbing
- Four-way stretch for energizing support
- Ultra thin and smooth
- Non-binding top
- No toe seam

**NO SEAM - Spun From Toe!
Super Soft and Comfortable
with CoolMax® Fibers**

PressureLite® Pressure Relieving Diabetic Socks

MODEL: H63

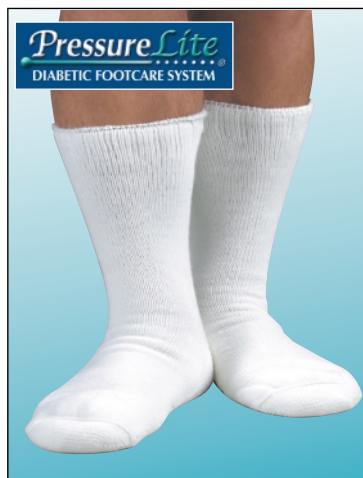

Ideal for Diabetes, Foot Pain, Sensitive Feet, Arthritis

Has extra padding in key areas of the foot without the added bulk, so they fit comfortably into any shoe. Limit skin injury and pain by absorbing the friction and pressure caused by the rubbing of the socks against the foot and shoe. Socks do not bind because of the extra cross-stitch of the design. The seamless interior and moisture-absorbing fibers help guard against bacteria. Ideal for Diabetes sufferers and those with sensitive feet. Perfect for casual or dress wear. Crew length. Color: White.

- Comfort pads offer extra padding in buffer zones to add comfort and reduce friction
- High tech fiber provides a cross-stretch fit, is breathable and absorbs moisture
- Seamless interior construction
- Non-binding fit & top
- Anti-bacterial protection
- Designed for maximum durability and skin protection

PressureLite® Edema/Bandage Super Socks

MODEL: H64

Fits Over Bandages for Added Protection

Designed especially for those with oversized feet and lower leg up to 25" in circumference. Padded in high pressure areas of the foot for added comfort. Anti-bacterial fibers wick moisture away to protect against fungus and bacteria. Provides a normal fit with virtually no binding and won't bunch up or slide down. The super size stretch of the material fits well over bandages, wraps and casts. Perfect for serious edema and enlarged feet and legs. Also ideal for post-surgical/post casting wear to provide added comfort, protection and warmth. Color: White.

- Super-size stretch
- Anti-bacterial protection
- Fits over bandages and casts
- Extra padding where needed most
- High tech fibers protect against bacteria & moisture
- Super-stretch material fits oversized feet and lower legs up to 25" in circumference
