## Safe-T-Lift® LX

**MODELS: 70-110/111**

Designed for high intensity material handling or when maximum longevity is required. Wide comfortable base, with four coated, spring steel stays provide excellent support and durability. High grade spandex base allows for long product life, and tension straps protect product from overstretching. Non-slip webbing and extra stay pockets prevent rolling and keep belt firmly in place. Snag resistant woven suspenders are rugged, supportive and comfortable. Colors: Black, Navy or White.
