

## Postura® GelCell™ Contour Cushion

MODELS: C3410PK/C3450PK/C3480PK

A high resilience, molded and contoured foam base contains an anatomically positioned soft gel insert in the ischial relief area. The viscoelastic gel insert provides maximum pressure relief under the ischial tuberosities and coccyx. A top layer of viscoelastic foam as well as the leg troughs and medial and lateral thigh supports provide excellent conformity to the body's contours. Fluid-proof stretch cover is 90% Nylon and 10% Spandex with a non-slip bottom. Removable cover is wipeable and washable. **Sold by the case pack ONLY.** Each cushion is individually packaged in a zippered vinyl bag with a full-color graphic and informative insert.

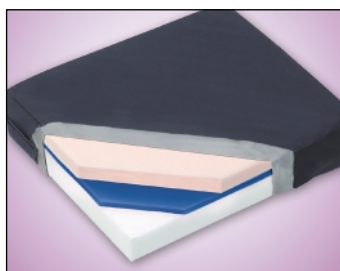

ORDER #	SIZE	CUSHIONS/CS
C3410PK	16" x 16" x 4"	2
C3450PK	18" x 16" x 4"	3
C3480PK	20" x 18" x 4"	2

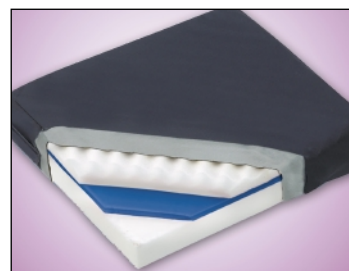

## Postura® Gel•Foam™ Cushions

MODELS: C2335PK/C2355PK/C2375PK/C2457PK

Provides superior skin protection and pressure relief with a continuous viscoelastic gel layer between two layers of dual firmness foam. Cover is treated 100% Polyester with a fluid-proof film. Non-slip, coated Polyester bottom. Removable cover is wipeable and washable. Models C2335PK, C2355PK and C2375PK have a soft top layer of viscoelastic (memory) foam and model C2457PK has a top layer of convoluted foam. **Sold by the case pack ONLY.** Each cushion is individually packaged in a zippered vinyl bag with a full-color graphic and informative insert.

Viscoelastic Foam Top

C2457PK	Convoluted Top	18" x 16" x 4"	3

Leg Troughs Gradually Slope Back to Ischial Relief Area for Improved "Bucketing", Stabilization, and Positioning of the Pelvis

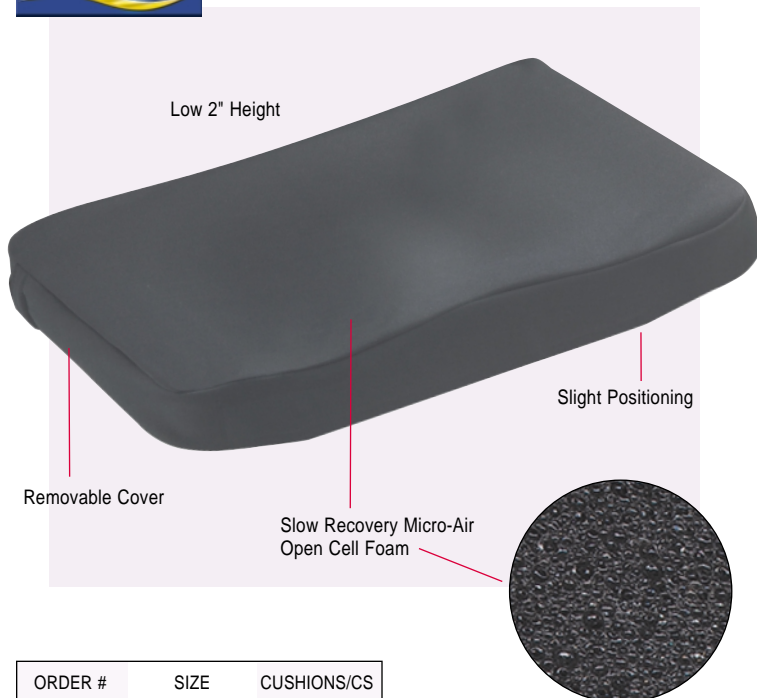

## Postura® Foamair™ Contour Cushion

DISCONTINUED

A unique, micro-air slow recovery viscoelastic foam cushion molded with contours that flow to match the body's shape. Leg troughs and medial and lateral thigh supports redistribute pressure away from bony areas and reduce the risk of damage to the skin and tissue. The Foamair™ also provides superior support and lower extremity control and stability. The form-fitted, built-in cover is 90% Nylon/10% Spandex and is fluid-proof with a non-slip bottom. Virtually maintenance free, the cushion can be wiped down or even scrubbed down with a soft brush when necessary. The Foamair™ cushion is **sold by the case pack ONLY**. Each cushion is individually packaged in its own full-color box.

*Unique Cushion Geometry is Designed to Maintain the Pelvis in Place with no Slipping or Sliding. Improves Posture and Reduces Skin/Fabric Shear.*

## Postura® Miracle Memory Cushion

MODEL: C1255PK

- **Unique viscoelastic foam** - 45% more foam by density than other foam cushions for superior support and maximum pressure relief over high risk areas
- **Slow recovery foam** - Conforms to the body's contours and absorbs shock, enhancing comfort
- **Contoured surface** - Encourages proper positioning and stabilizes the lower extremity
- **Convex seat bottom** - Contours a sling seat surface to counteract "hammocking"
- **Removable and washable, fluid-proof cover** - Soft, shear reducing surface fabric with a non-slip bottom
- **Carrying handle** - Lightweight cushion is easy to handle and transport
- **Low profile** - 2" height makes transfers and foot propelling easier

**Sold by the case pack ONLY.** Each cushion is individually packaged in a zippered vinyl bag with a full-color graphic and informative insert.

C1359PK	18" x 16" x 3"	4
C1459PK	18" x 16" x 4"	3

## Postura® Protective Cushion

MODELS: C2350PK/C2450PK

Protective cushions are ideal for facilities with policies requiring fire protection. A Kevlar® inner fire barrier wraps around a dual firmness foam cushion, a polyurethane foam base, and a viscoelastic foam top layer. Protective cushions pass the stringent flammability standards of the NFPA 101® Life Safety Code® and CAL 133. The dual firmness foam enhances comfort with resilient support. Cover is treated 100% Polyester with a fluid-proof inner laminate film. Non-slip, coated Polyester bottom. Removable covers are wipeable and washable. Available in 3" and 4" heights. **Sold by the case pack ONLY.** Each cushion is individually packaged in a zippered vinyl bag with a full-color graphic and informative insert.

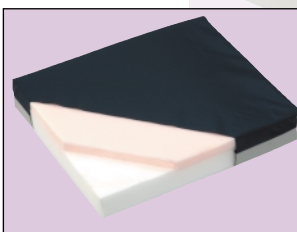

ORDER #	SIZE	CUSHIONS/CS
