Patient Walker Belt

MODEL: 52-150

When worn around the patient's waist, this belt assists care givers by allowing for a secure hold on the patient during walking or exercising. The belt is made of a soft material which is extremely strong and durable. Closure is fast, simple and secure with the two-sided sure-lock buckle. Length is easily adjusted to fit a wide range of sizes. Two convenient hand holds are located on back of belt for added stability.
