Soft Form® Elegant Wrist Support

MODEL: 22-560

This wrist brace provides light support to weak or injured wrists. It is ideal for treatment of Carpal Tunnel Syndrome, arthritis, mild wrist strains or sprains, and weak or aching wrists. Has one metal palmar stay to help maintain the wrist in a neutral position. The base is made of a unique, soft fleece-lined Lycra material. The sleek, low-profile design also has a low palmar crease for full finger dexterity and hand use. The quick and easy closures give a precise and even fit. Easy, comfortable and inconspicuous to wear. Color: Beige. Specify right or left.

Measure around the center of the wrist. Specify right or left.
