

PATTERNED WOMEN'S TROUSER SOCKS, 15-20 mm Hg

Model No:

Small Diamond Pattern
H27

Cross-Hatch Design
H28

Sizes: Small - XLarge
Color: Tan, Navy, Black

800-327-4110

Comfortable, graduated compression in attractive pattern designs. Advanced knitting technology allows for the design to be knitted into the sock without affecting the therapeutic function or compression. The medium weight of the socks along with the attractive pattern and available colors make them ideal for casual and business casual use. No one can tell they are graduated compression socks!

Attractive Pattern Designs

Two attractive patterns – Small Diamond and Cross-Hatch designs – are suitable for dress or casual wear.

True Graduated Compression, 15-20 mm Hg

Therapeutic benefit in a fashion design. No one will know they're compression socks.

Microfiber Construction

Super soft feel with compression power.

Comfortable Top Band

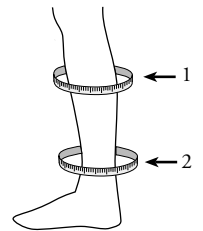

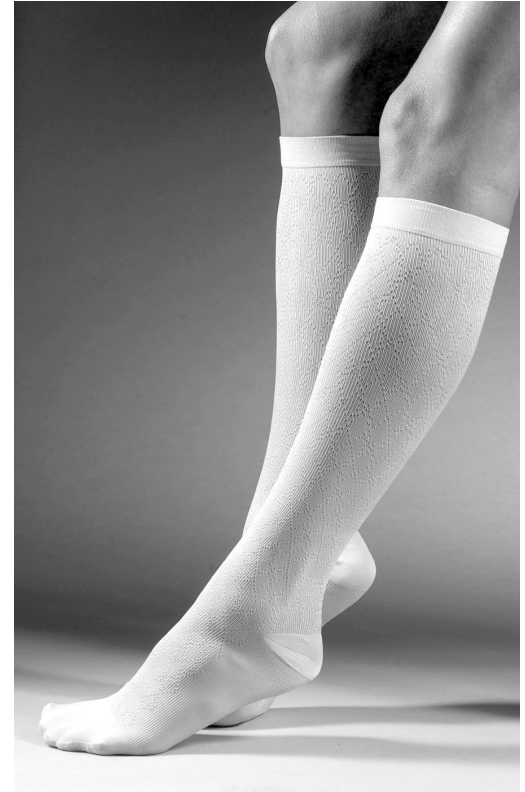

Non-restrictive top is for comfort wear – no “tourniquet effect”.

Fashionable Colors

Available in Black, Tan, and Navy.

Ideal for:

- Relief from Tired, Aching Legs
- Mild Ankle and Foot Swelling
- Muscle Cramps
- Great for Travel, Economy Class Syndrome
