Re: Soft Form Hernia Brief (Part Series 67-500)

This letter is in response to your recent inquiry for coding verification of the Soft Form Hernia Brief (Part Series 67-500). The Statistical Analysis Durable Medical Equipment Regional Carrier (SADMERC) has reviewed the documentation and information submitted for HCPCS Coding.

It is our determination that the Medicare HCPCS code(s) to bill the four Durable Medical Equipment Regional Carriers (DMERCs) is/are

L 8310 Truss, double with standard pads.

The SADMERC conducts reviews of products to determine the correct HCPCS code(s) of DMEPOS product(s) for Medicare billing. The assignment of a HCPCS code to the product(s) should in no way be construed as an approval or endorsement of the product(s) by SADMERC or Medicare, nor does it imply or guarantee claim reimbursement or coverage. Please address questions regarding claim coverage and reimbursement to your regional DMERC.

Should you have any questions regarding this decision, please contact me at the address below or by telephone at (803) 763-8111.

Sincerely,

Bonnie Brooks, RN
Manager, SADMERC HCPCS Review

cc: DMERCs
